ITEM 4 OTHER BUSINESS ACTIVITIES

BROKER AGENT: Benjamin is a registered representative with XML BD. This enables him to effect securities transactions for a commission in his capacity as a broker agent. He is able to offer brokerage services to both clients and non-clients of XML. When acting in the capacity as a broker agent, he will receive compensation based on the sale of securities and brokerage products including, but not limited to, mutual fund share classes that pay sale charges and distribution or service (“trail”) fees, transaction commissions, markup and markdowns on principal trades in bonds and other compensation as detailed in the Reg BI Disclosure document. This creates a conflict of interest as there is an inherent incentive to recommend brokerage products and effect transactions based on the broker agent's compensation. Please discuss any questions regarding brokerage compensation and the related conflicts of interest with this professional. Visit <https://www.xmlfg.com/brokerage-services> to view the Reg BI Disclosure and additional disclosures and policies.
